Nn

computers should be increased, and Technical support system should be create

Local projects and local issues to be included in syllabus

The syllabus related text books and reference books in local language (Marathi & Hindi) should be available. It's also recommend to give minimum fix budget for the purchase of library books every year.

It is necessary to change the syllabus Library needs to be strengthened

A very few books are available a subject of community Organisation A method of Social work . we have more quantity .

Ahe old and copy pasted books in local languages should be replaced by new books which should be free from plagiarism. Only havin an ISSN no with the book is not enough. The world is changing rapidly. Hence There is a need of drastic change in the syllabus too. Merely copy pasting the syllabus of other universities will ruin the objectives.

No suggestion

Soft skill development helps students in their career advancement. New books to be recommended must be qualitative.

No

Includes the Environment balance and awareness program..

Yes

Need based and society related curriculum should be incorporated. Reference books without references should be strictly avoided from prescribed syllabus .
