**Session:- 2022-2023**

## **PRIORITY AND THRUST**

SRM College of Social Work, Chandrapur is committed to impart moral, social, cultural, and professional healthy education to the students at under graduate, Post graduate and Doctoral level. The college being a leading institute offering professional social work education has strategically prioritized community engagement as a cornerstone of its educational philosophy and institutional identity. The college defines community engagement as a reciprocal partnership.

The college defines community engagement as a reciprocal partnership between the institution and the community, characterized by collaboration, mutual respect and fair goals. Through a variety of outreach efforts, service-learning programmes, and community-based projects, our college seeks to empower students and faculty to become active agents of positive change in society.

Service - learning programs :- the college integrates service learning components into its academic curriculum providing students opportunities to apply classroom knowledge to real world challenges while addressing community needs.

In order to apply learn and earn scheme, the college has setup a contractual service agreement with PRATHAM EDUCATION FOUNDATION (NGO, Mumbai) where by a survey for Annual Status Of Education Report (Rural) 2022 was to be conducted by the students of our college. 29 students worked as volunteers for the survey throughout the Chandrapur district. Students were assigned the village

and collect information as per PRATHAM (ASER CENTER) guidelines procedures and rules. Students were paid the remuneration for this survey.

29 students participated as a volunteer in this survey. Students were given training for this purpose. The survey opines about the educational standard of primary school students of Zilla Parishad. The volunteers were paid the remuneration for this work.

Apart from this the college also worked for rendering various services to the community. In association with the SDM Chandrapur office, the college conducted a rehabilitation work survey of various project affected people in the district.

In alignment with its commitment to holistic education and community engagement, the college has implemented a series of initiatives aimed at raising awareness on various social, legal, and health issues. These programs and events serve as platforms for students to actively participate in societal discourse, promote positive change, and foster a sense of social responsibility. It is our honest attempt to highlight the college's thrust on legal awareness, organ donation, qualitative research, and observance of significant days throughout the academic year.

#### Legal Awareness Program:

The college organizes regular legal awareness programs in collaboration with local legal authorities and NGOs. These programs aim to educate students and the community about their legal rights and responsibilities, covering topics such as women's rights, child protection laws, consumer rights, and environmental legislation. Through interactive workshops, seminars, and guest lectures, students gain valuable insights into the legal system and learn how to navigate legal issues effectively.

### **Street Play on Body and Organ Donation:**

To promote awareness about the importance of body and organ donation, the college organizes street plays performed by students. These plays creatively convey messages about the significance of organ donation in saving lives and addressing the shortage of organ donors. Through storytelling and dramatic performances, students engage with the audience and encourage them to pledge for organ donation, contributing to a culture of altruism and social welfare.

### **Workshop on Qualitative Research:**

Recognizing the importance of research skills in academic and professional development, the college conducts workshops on qualitative research methods. These workshops provide students with practical training in designing, conducting, and analyzing qualitative research projects. By learning qualitative research techniques, students enhance their critical thinking, analytical abilities, and capacity for evidence-based decision-making, preparing them for future academic pursuits and professional endeavors.

### **Awareness Rallies:**

The college actively participates in awareness rallies commemorating significant national and international days, including Gandhi Jayanti, World AIDS Day, NSS Annual Special Day, World Women's Day, World Social Work Day, World Water Day, Environment Day, and Mental Health Day. These rallies mobilize students, faculty, and staff to advocate for important causes such as peace, social justice, gender equality, environmental sustainability, and mental well-being. Through marches, speeches, and community outreach activities, participants raise awareness, promote dialogue, and inspire collective action towards positive social change.

## Conclusion:

Thus our college is dedicated to fostering a culture of awareness, compassion, and social engagement among its students and the broader community. Through a diverse array of programs and events focusing on legal awareness, health promotion, research skills, and social activism, the college empowers students to become informed, empathetic, and proactive members of society. By continuing to prioritize these initiatives, our college remains committed to its mission of holistic education and societal transformation reflecting its dedication to nurturing well-rounded individuals who are equipped to address the complex challenges of the modern world.
