All is good 👍

Teaching staff should be understand the problem of student

Ok

- Emphasis on Skill based learning
- Use of technology is mandatory if one really need to scale up their professional growth
- Lectures on skills and awareness is not much useful, advice to use hands on experience approaches "based on this year's 3 seminar I had conducted with SRM College"
- Financial literacy to be added in curriculum to fight poverty using minimum income resources.

नाही

NO all Good 👍

2) जॉब कॅम्पस वाढवावे

2) M.A. Pyachology कोर्स सुरु करावे....

Best playground, garden, wi-fi, computer, development

Not nessecary

Best

No suggestion

Field work मध्ये मोबदला मिळावा

Improve Focus after every teacher goes to teach a class, that teacher should pay as much attention to each student as to one or two students, not just one or two.
