

7.2.1-Format for best practices

session 2019-20

1. TITLE OF THE PRACTICE:

“ MISSION ZARPAT”

2. OBJECTIVE OF THE PRACTICE:

To protect Historical heritage of zarpat river

To educate and create awareness among the citizens of Chandrapur city about zarpat river and its importance as well as to increase participation of school, colleges and local administration in protection of the river.

To suggest various ideas to District administration and Local administration to protect the zarpat river.

To teach social action, field education at ground to our students about social work various methods and techniques.

3. THE CONTEXT:

For to achieve and implement above goals we systematically organized the drive of cleanliness of zarpat river, at starting we inaugurated this drive with the auspicious hand of Collector, Kunal Khemnar. They said it is a nice drive to protect our historical heritage. project coordinator Prof. V.H. Rathod, Dr. Paliwal and Principal Dr. Sunil Sakure and all teaching faculties and our college students were present at this program.

After inaugurating this program, we systematically on our field work day Thursday and Friday with our students and faculty organized cleanliness drive as well as conducted street plays at this place and in at mahakali temple. We invited some college's for Shramdan and we asked to Local self Government Mayer and commissioner for their human resources support. They also given their support in this activity.

By this way we cleaned this zarpat river front from both sides, due to this drive pilgrims got best facilities in the Mahakali Yatra.

Each year we provide our volunteers in Mahakali Yatra, who provide their counseling services and other services health check up volunteer, by this way we organised this drive in a successful way.

6. PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED:

There were few problems were encountered at initial phase of this drive, like slowly response of volunteers, administration and colleges, but later on all these stake holders were participated in this activity and given their contribution.

7 Evidence of success:

Throughout this activity we seek attention of the district administration, Local self Government, Mayor and commissioner, college volunteer as well as citizens of the city, through our Street play, news highlights, and from our deputation about zarpat river for to protect.

This is resulted into Local body Government made facilities at this zarpat river front, and providing best facilities to pilgrims. As well as they made prepared development plan of protection of zarpat river.

7.2.1

7.2.1-Format for representation of best practices

2. TITLE OF THE PRACTICE:

“ Public Library formation”

2. OBJECTIVE OF THE PRACTICE:

Formation of public library from people’s participation.

To educate villagers create awareness about important of village public library for present and future generations.

To create atmosphere of study among the village and among the village students.

To teach social action, field education at ground to our students about social work various methods and techniques.

3. THE CONTEXT:

Each year from our social work rural camp we conduct various programs for village development. As per villagers demand we chalk out camp plan and organise programs in this seven days of camp.

In this camp along with various activities like LED bulb making training, Small bandhara construction for water conservation, cleanliness campaign, various awareness programs, rallies, various playground creations through the Shramdan, as well as public library formation.

This public library formation activity is our best activity. To form public library, in this camp we organised awareness rally and convincing activity about the importance of public library, it's uses for present and future generation.

For to form public library we went along with our student door to door and ask for donation for public library formation in any form like money, books, table, chair, mat, through this donation activity program we collected 65000 rupees from public collection. from this rupees we purchased library materials, I am set up library in village public hall, room. and inaugurated this library in presence of villagers.

From 2020 this library is continued, I am students are going in the library and reading books, the atmosphere is gradually changing, study atmosphere, group feeling, village proud, village activities, is increased from this activity of public library formation. Thus this is our second best practice.

6. PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED:

At beginning there was no problem encountered, but now for maintaining library, and for record keeping there is no one taking full responsibility, due to this library record is not maintaining. this is the main problem which have to solve solve.

7 Evidence of success:

Library setup in presence is a evidence of success, from day of library formation so many jayanti is punyatithi and social activities, village gatherings is increased that's the second evidence of success.
