These opinions will be long, but it will give you some insights about the current situations and how it can be helpful future developments. 1. every college is a house of knowledge but when it comes to a social work college, I believe it's more than just a house of knowledge. it's a place to find purpose and add value to one's life. this can be added! 2. it's a standard setup where students will sit in rows and the professor teach their subjects and leave the class sometimes with deeper conversations, but I feel lack, when it comes to practical usage. yes, we're learning the theoretical knowledge but only few know how to implement them in field. this can be improved! 3. this might be more on perspective level that after covid the behavior of lifestyle itself is changed and when I see other co mates knowing their weaker background they just want to survive and nothing more but a Social Workers attributes are way different than just staying alive it tells us about giving. this can be changed! 4. a sense of being a victim of situation has created negativity in the last 2 years. for example, "because of covid we couldn't do this". "because of irregular lectures in the beginning we are facing this", "because financially we belong to a weaker section, we are like this", blaming the cause and victimizing self has created a mess in the premises but if our ancestors would have said the same things maybe today, we would be still slaves without a constitution of our own. but one had to stand and say if I am not being taught, I will teach myself - DR. Ambedkar. this negativity can be changed! 5. an Important point where the college can see drastic change "Branding". I have seen in few A+ naac graded colleges that everywhere they will do branding of their streams. for example, if the college is giving a science source the entire premises will be filled with career opportunities important of the field and necessity of newer professionals... I can't see those things happening in our college. it will cost some expenses, but this will change the Atmosphere because youngsters now look more on branding then wants actually, they need. 6. in the beginning of the semesters there were 5 new computers for the students, where are they now? I can't seem to find them in Computer Lab. If only TATA, MCC, Athavale, DU Colleges can give best of best educational benefits then what will the lakhs of backward communities get if we don't value our college to the 1st tier educational HUB. why send best of best minds in other institutions then to use those brains and make our college to a national level educational institution? this can be updated. 7. employees are not

getting jobs and recruiters not getting employees this is the condition in today's society and especially in India. we are the largest youth filled country why not this be changed starting with our college... we (SRM College) can be a bridge between the two ends. 8. If we can Expect Great Things, then definitely we can Attempt great things. all we need is a) Passion b) Resource c) Mentor and in my observation, we have it already. 9) A Mock Group work, Community Organization, Case Study inside college Campus can be conducted to help students learn the impact Live. 10) When we are writing our semester exams mostly students are studying in the last minute but the closer I observe students that they use Internet and it is helping them to pass the tests. that means when it comes to our college we should give them what the Internet cannot. Interaction, teamwork, challenges and many more tactics to attract students to encourage them to attend College. every books every lectures every material is provided and in multiple levels with multiple tutors. but a college should give where net has limitations. again the Word value plays a huge role. why attend college, why study social work, why a class can be more beneficial than watching a youtube video, why offline can help reach goals. when these questions are answered then we can develop our college more effectively with a proper plan. thank you for creating a platform to share my personal opinion.

विद्यार्थ्यांना उपयुक्त असे कार्यक्रम महाविद्यालयातर्फे आयोजित करावे व विद्यार्थ्यांचा शैक्षणिक दर्जा वाढवता कसा येईल यासाठी प्राध्यापकांनी प्रयत्न करायला पाहिजे सोबतच विद्यार्थ्यांनी देखील या अभ्यासक्रमात त्यांच्या इच्छेनुसार सहभागी व्हायला पाहिजेत या महाविद्यालय मधून जे काही अनुभव शिक्षण घेतलं त्याचा अनुषंगाने भविष्यात नौकरी लागली तर जे शिक्षण घेतलं ते अनुभव गुण यातून काही तरी नवीन शिकाचा प्रयत्न करेल .

महाविद्यालय हे मुख्य रस्त्यापासून खूप दूर असल्याने खूप विद्यार्थी महाविद्यालयामध्ये प्रवेश घेण्यास

खूप जास्त इच्छुक नाही आहे असे मला वाटते..किंवा ज्यांनी प्रवेश घेतलेला आहे त्यांना

महाविद्यालयापर्यंत येण्यास त्रास होत असल्याने ते नियमित येऊ शकत नाही..यामुळे मला असे वाटते

की महाविद्यालय जर मुख्य रस्त्यालगत असते तर महाविद्यालयाच्या विकासासाठी खूप छान झाले

असेत.
